A COMPANY WITH TRADITION

Only a few companies have expertise dating back to the 19th century, as Vénilia does. In 1874, Vénilia (at the time still operating as Maréchal factory) began producing its first tablecloths. In 1956, the company gained an international reputation for its range of adhesive film. This former-pioneer status is still respected to this day, due to ongoing changes.

ALWAYS IN TOUCH WITH THE LATEST TRENDS

Vénilia has made a name for itself with its high quality products and broad product range: Tablecloths, table protectors, table sets, adhesive films, anti-slip mats and other useful accessories. The company responds to the wishes and expectations of its customers and now offers almost one thousand items for a trendy table culture and interior design accessories.

WINDHAGER ACQUIRES THE CONTROLLING STAKE OF VAN MERKSTEIJN PLASTICS

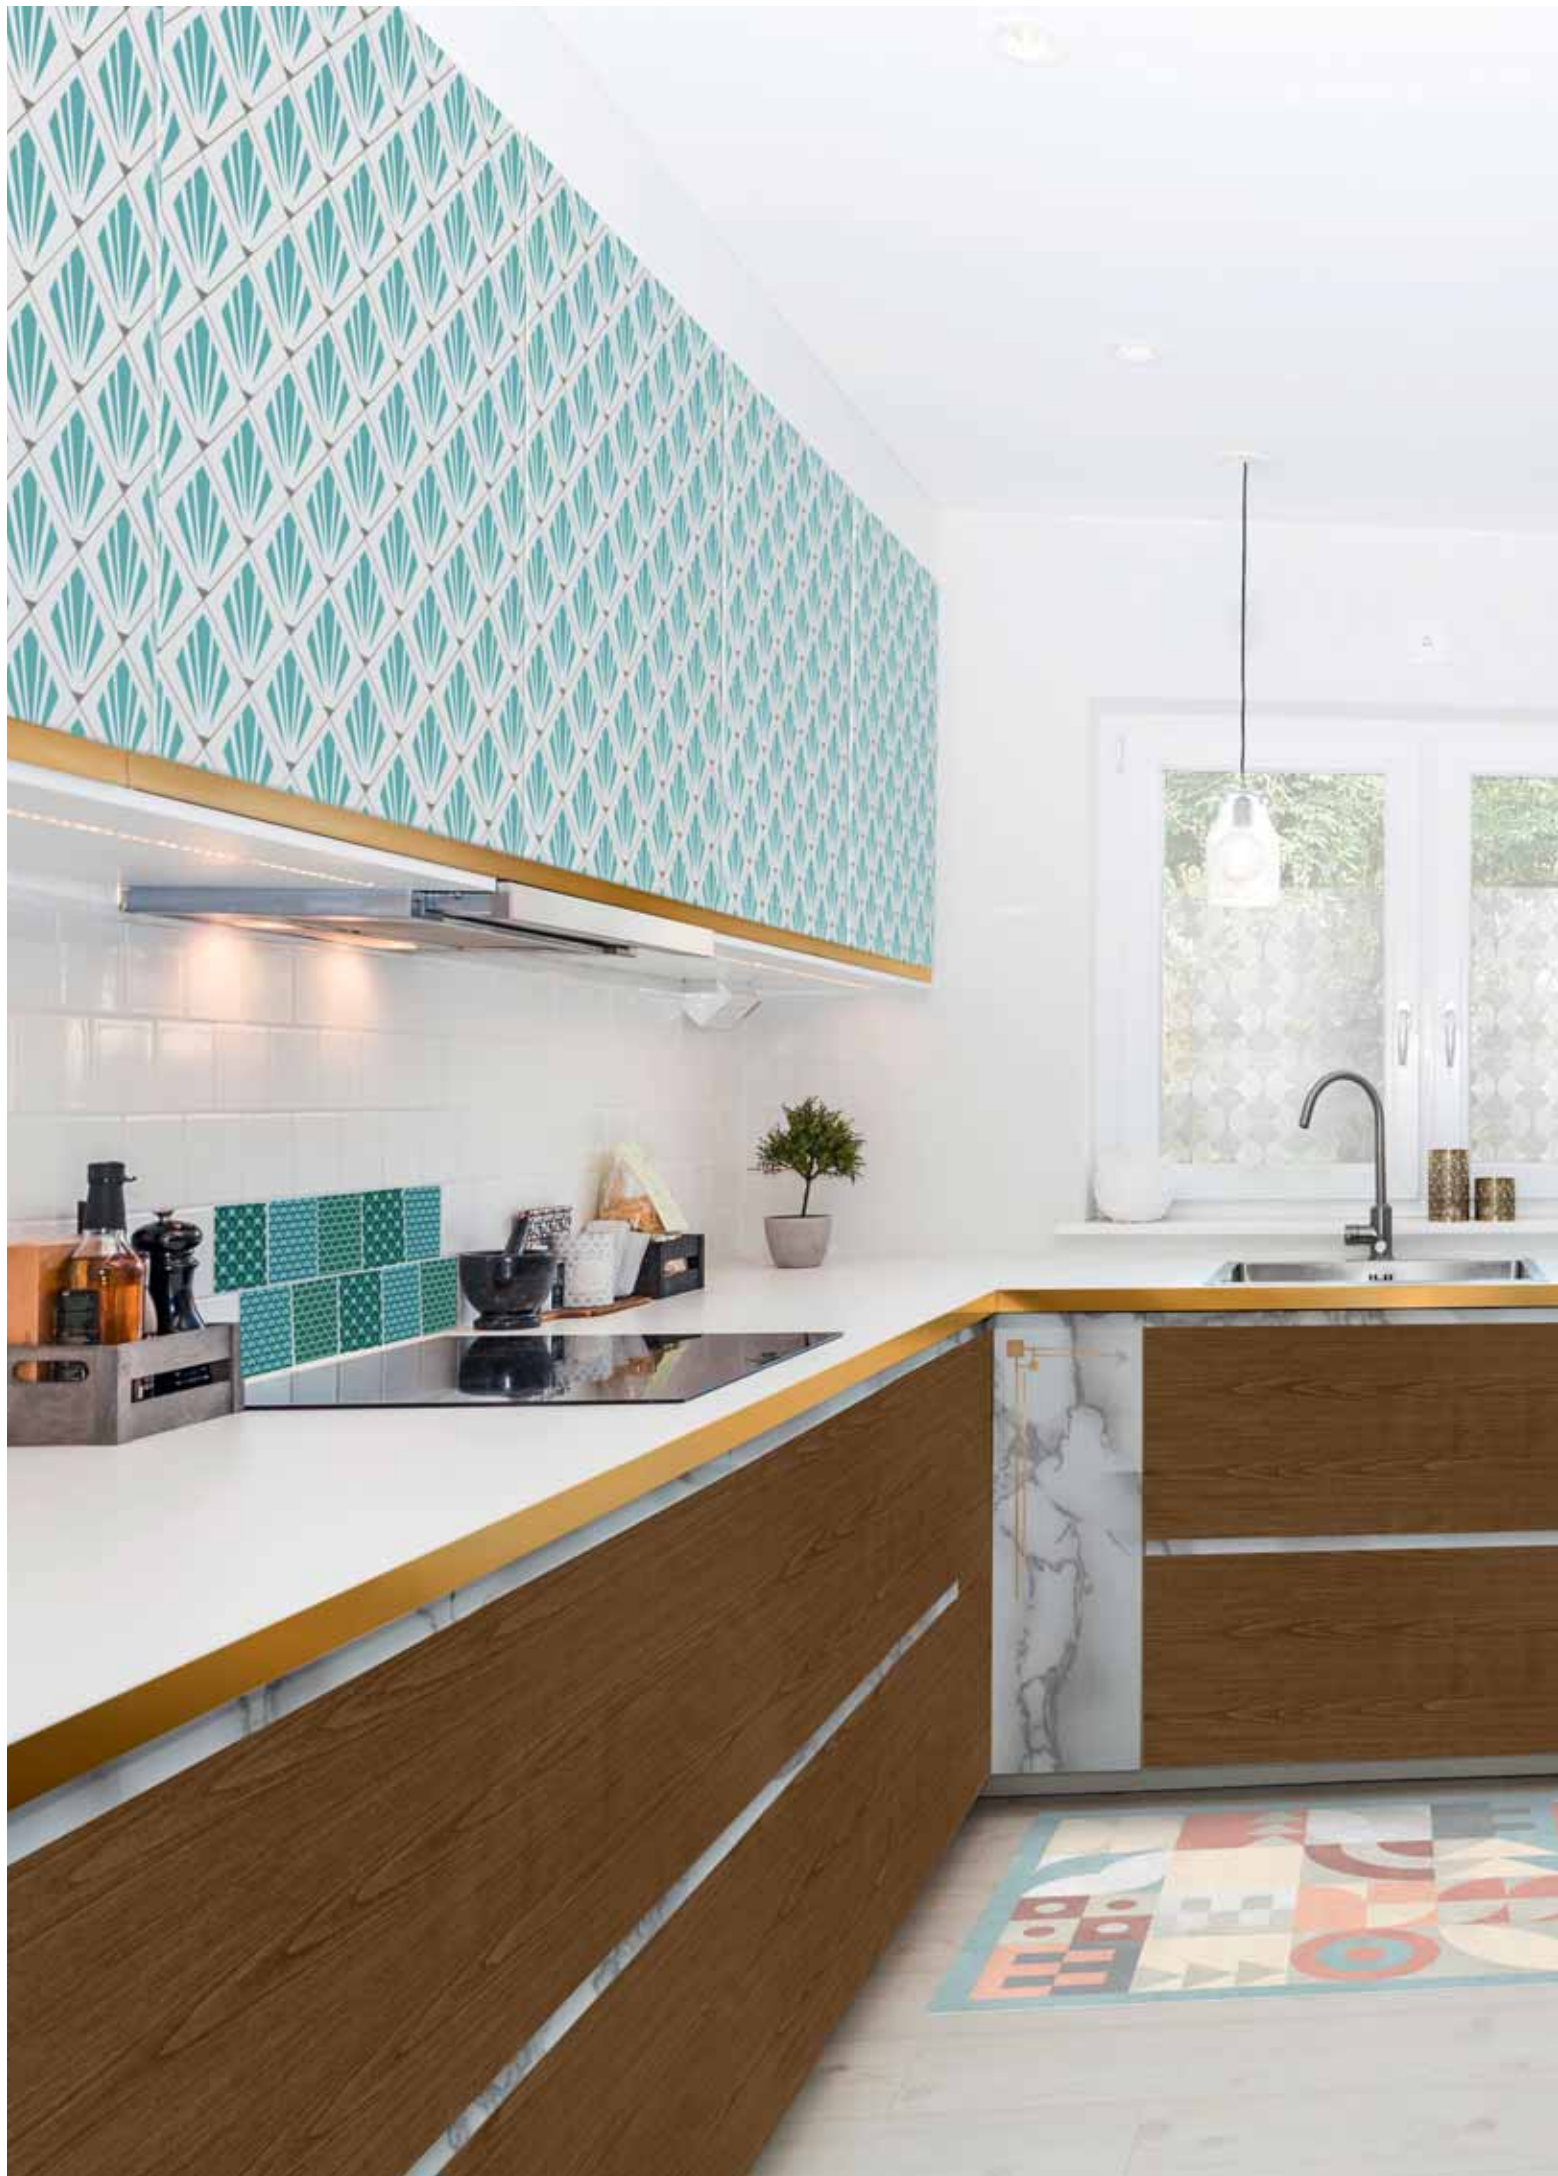

In November 2018 the Vénilia Group took over the controlling stake of the PVC-film maker Van Merksteijn Plastics (VMP) in Enschede. With this strategic acquisition the Vénilia Group can combine the strengths of a trading company with those of manufacturers.

ONE CONCEPT. **MORE STYLE!**

Create a coherent new look for any home! Ideal combinations of different products from our range, from adhesive foils, to tablecloths, anti-slip mats and kitchen backsplashes make it easy and fun. Be sure to check both catalogues for matching styles.

Adhesive foils Uni matt

These high-quality adhesive foils will make any room shine in all the colors of the rainbow. In addition to the huge color selection, the particularly high quality is essential: the films are colored through and therefore exceptionally scratch-resistant. If a scratch does happen, it is hardly noticeable! The structure embossing provides the matt look and pleasant feel.

TIPS AND TRICKS

To facilitate installation, the window glass and the vitrostatic film should be sprayed abundantly.

To avoid bubbles, it is necessary to smooth from the inside to the outside.

Do you want a touch of originality?

Adhesive panel for kitchen splashbacks

The adhesive panels are specially designed for kitchen back walls and are just as functional as tile or glass back walls are: waterproof and easy to clean. The aluminium version is even suitable as a back wall for an oven, stove or an extractor fan! The decisive advantage: the panels are simply glued on, no cumbersome, extensive construction work is necessary!

The background image shows a kitchen setting. On the left, there are several glass jars with metal clasps, filled with green and yellow lentils. In the foreground, a stack of white ceramic bowls with a textured, diamond-like pattern is visible. A metal rod or handle runs diagonally across the bowls. The background also shows a wooden countertop and a white cabinet. A dark grey, textured rectangular overlay is positioned in the center, containing the text 'ANTI-SLIP COVERS' and a list of product names.
